“ I have worked alongside Bev almost every work day for the last several years. I am so glad I got to know her! She was always ready with a smile and an eagerness to help whenever someone walked in the office. She tackled every obstacle with a positive attitude. And, oh those freshly painted nails!! She always chose such bright , cheery colors and the patients constantly commented on them. She will be missed by many, I am sure!

I, personally , will miss our daily chats. Every Monday , especially, we would catch up on each others lives. She was always so proud of her children. Kasey, she loved all the activities you shared together and you were a huge part of her life! I never met "hardworking business owner" Kevin or Bev's dad, but I felt like I knew them. She so enjoyed their phone conversations. Work will be a different place now, but I will feel Bev next to me for a long time, I am sure! My prayers and thoughts go out to all of her family and I hope all your fond memories of her bring you some peace.

“ Mom, I miss you more than words can even express right now. I love you so much and I still cannot fathom that this is real. You were an amazing mother. You were there for everything. You helped me buy my first car, find my first house, graduate college, graduate grad school. You were always there and I know you always will be; it's just a little different now. You made me into who I am today and for that, I cannot thank you enough. I hope you're having a great time in heaven with Mom Mom, Nana, Aunt Carolyn, Uncle Jim, and Aunt Sue. Make sure you, Mom Mom, and Aunt Sue go easy on the Diet Coke! I love you so much, Mom. This is not a goodbye, it's an I'll see you later.

Love Kasey.
