“ *Sympathies go out to the whole Smith family. I will always remember Brad fondly and with a smile. We met at AMP when I was a brand new just hired engineer at the 13th St. plant. I was new to Harrisburg into the company and Brad took me under his wing and over time showed me the ropes of the job and the company. We shared an office there but I remember most all of the shared stories. Lunchtimes to the east mall to get the perfect Christmas gift for the boys, hunting camp stories, growing up along the river stories and many others. That part of my life was better for having met Brad and I know his kindness touched others as well . (John Z)*
