“ Charlie was "one of a kind". A quiet, humble man who definitely earned his place among "The Greatest Generation". His hearing wasn't very good, but his vision was incredible, especially for someone in his 90's. Measuring to an eighth of an inch wasn't good enough for Charlie if you could "sharpen your pencil" and measure to a sixteenth. He helped me with a number of projects in the five years (2011-2016) I served as the Facilities Manager at First United Methodist Church, and I treasured his expertise and wise counsel. He will be missed!
