

Edythe "Edie" Conley

September 2, 1934 - January 17, 2021

Edythe "Edie" Conley, age 86, passed away very peacefully at home surrounded by her loving family and friends on Sunday, January 17, 2021. She was preceded in death by her husband, Harold Conley and daughter Cheri Paxton. Edie will be sadly missed by her 5 sons: William Zerbe (wife Karen), Michael Zerbe (wife Denise), Merrill Zerbe (wife Christina), James Zerbe (wife Gabrielle) and Christopher Zerbe (wife Sara); 2 daughters: Linda Arnold and Judy Hurlock; 26 grandchildren and 46 great-grandchildren.

Edie spent the majority of her younger years as a housewife and devoted mother who later joined the workforce as a nurse's aide for a local hospital. She loved crafting, cooking and baking and often received requests from the family to make her famous chocolate cake with peanut butter icing, cream-filled cupcakes and macaroni salad. Edie was feisty yet compassionate, made friends very easily, and never met a stranger. Her smile would light up the darkest of rooms and her laugh was so contagious.

Later in life, Edie spent several days a week at the Senior Life Center where she made countless friends and enjoyed the many activities offered including her favorites which were bingo and singing.

A private family Life Celebration Service will be held at a later date. In lieu of flowers, donations may be made to the American Cancer Society in Edie's

name.

“ Hi mom ! Love you! I miss you beyond words . I still can't put the pieces together . You were fine 6 months ago then you move to Merrill's and you break your leg and ankle . Then you end up in rehab for god knows how long . I bet they didn't bring you food and food everyday like we did . Anyway then they sale your home and take all your belongings that's crazy . They did all that before you closed your eyes .and they just came back in your life after 5 years absolutely insane . Mom in your dining days you told me she won't steal that money 🙄 you wanted me to know so bad you told me 6 times . That's how I found out I was the beneficiary. Oh yes they tried to get it but you and Harold had that set up . Mom I wanted to buy you a lot as you wished and a name stone but they won't give me your ashes . You deserve a rest place . They took everything else from you. Mom everything I did I did out of love I told you that . And you said I know Kathy I only have you and Chris . I so happy I not carrying the Guilt like they have to . We me and Chris were always there . I totally 100 % give up on everyone of them but Chris . I feel they just didn't want to deal with you . One thing for sure you were right at the end and lots of boohooing. Well mom I have the money to buy you a plot and stone . Mom please come through for me you know what I'm talking about . Got many questions. I have an appt at 5 am and I need to talk to you please come through . Tell my sissy I love her and miss her dearly I miss doing crafts and just chatting love you Cherri . Michael and stephanie mommy loves you see you soon . And uncle sonny thanks so much for coming through for me and letting me know my mom had a safe journey home . I love you ! Trying to get mom to come through if she don't can you please come through to answer my questions for her . Ok mamma love you 😍 I'm so at peace knowing I was there . Mom Chris sends his love he did not read this obit because they didn't put my name in the obit . But one thing for sure is they can't take the love and memories I have for you . Jealous because they were wrong not being there . It just shows the people they are . Tonya sends her love 💕💕 Angie sends her love 💕💕 havi sends his love 💕💕 me and mine and Chris and his

“ Well mom we got the snow but not what we were suppose to get . Mom Digit loved your weather forecast from god knows where lol we sure would laugh about that all the time. Mom I miss you so much ! Me knowing I can't see you or you sneak to call me because you were on lock down is hard. Mom I'm so sorry they sold your home and took everything you owned . I know you felt like you had nothing to live for . I came to visit you and you had nothing you love in that tiny like walk in closet you were in . Now your stuffed on a shelf . I tried to buy you a plot and a stone as you wanted me to but I guess they feel you don't deserve it . Digit and I were going to pay everything we just wanted to bury your ashes as you wished . Mom you deserve a resting place Chris agrees with me . But it was left up to your kids that had no bond with you heck some didn't see you in 15 yrs . Maybe once in 15 yrs . But one thing for sure is I was never out of your life and Chris was there to . You deserve better mom . Mom they are only your ashes your spirit can Rest In Peace in heaven . You are in our hearts 💕 and no one can take that . We me and chris were there 100%. Haha now she has to wear the clothes I bought you . Everyone know I bought your clothes all the time .
