Poppy, Its going to be hard without you here to make us smile and laugh, with your silly jokes and your funny noises, but to know you are not suffering anymore is a weight we no longer have to bear. You were such a loving man, with a heart of gold, I couldn't have asked for a better father figure. I will miss you until my day comes, but I know you always be watching down on all of us because now you are a guardian angel <3 I love you!
