

Helen L. Marinelli

September 6, 1927 - December 27, 2020

Helen Louise Day Marinelli, of Mechanicsburg, PA, passed away peacefully December 27, 2020 in the company of her son and daughter-in-law, Kerry and Cherie Campbell. Helen was the daughter of Charles and Florence Day of Apollo, PA, where she grew up and graduated from High School.

Helen graduated from Lock Haven University and taught physical education and other subjects at several schools in Pennsylvania, finishing her career with many years at Central School in Montville, New Jersey. She coached softball and gymnastics.

Helen played softball for many years and loved to swim, and spend time in the outdoors hiking, biking, and traveling.

Helen is predeceased by her parents Charles and Florence Day, brothers Bobby and Charles (DeDe), and sister Bette, and husbands Gerald Campbell, John Marinelli and Dale Moore. She is survived by her sister Ann and her husband Frank Crawford, sister Mary Lou and her husband Andrew Schreffler, son Kelly and his wife Anna Campbell, son Kerry and his wife Cherie Campbell, and grandkids Kory, Kody, Aaron and Riley (Ian) and great-grandkids Khloe and Kennedy.

The family will not be holding a service in the area, but will later host a small

memorial service near Apollo, her hometown.

“ I took care of Mrs. Marinelli when I was a caregiver at Bethany Village. I loved visiting with her. I always made sure that I visited in the morning. I'd get there and we did our floor exercises together and then we would go out to her balcony and we would do our stretching exercises. She was amazing. She always had such an infectious smile and zest for life. To her family....she was a pure joy to visit with. My condolences in her passing.

“ So many memories! Mrs. M. was a strong independent woman in the 1970s+ 80s well before it was recognized as a positive thing. She raised her 2 sons mostly as a single Mom. She gave them the love of the outdoors+ taught them to be good citizens in a small town. She loved to ride her moped+ in the fall by cover of darkness would pull a dropcloth filled with leaves with her moped into a vacant lot. She loved to hike+ would drag her family+ friends with her to share her explorations. She was one of a kind+ I feel blessed to call her a neighbor+ friend.
