“ Sending prayers and hugs to Jackie's family. I've always had a special place in my heart for Jackie! She was the best nurse to work for. We had so many great memories! I had the privilege of learning so much from her. I was her QMA for the longest time at Peabody. Such a hard worker and had so much love for her resident's. There are still a couple stories I talk about till this day of her and I working together. Will sure miss her contagious Smile and laugh. She would make a bad day brite. Always loved hearing the good things about her pets and her family she loved!
You will be missed,
