“ As a teacher at Lemoyne Jr High I had many interactions with the Grundon family. Klds are unpredictable, funny, and being around them keeps one young. Beyond minor skirmishes my interactions were overwhelmingly positive. As the years passed I would see Mike and Mary, and Jim on occasion out in the community. Again, positive interactions. Any of the kids at Lemoyne who know me well at all, know that I was not fond of bullies in any way, taking a dim view toward anyone who exercises power over another who is powerless to defend against it. Only God and a person him or herself truly knows who they are. The rest of us only get to see what they are willing to show of themselves and what occasionally slips out. Each time a tragic event such as this occurs I find myself wishing that the offender had just taken his own life first and saved so much heartache for so many who don't deserve it. Unfortunately the ripple effect of this event will be felt by Sue's family and friends and by the Grundons and their friends for many years to come. My prayers are for the living as they attempt to restore peace in their lives. George Trapp

“ I knew Jim when he ran with Upper Allen Company 23 in 1983 and I was with Monroe Company 25. Jim was one of my influences to become an EMT that year when I was 16. He was one of my instructors in the EMT class at Cumberland-Perry Vo-Tech that year and was one of the clinical / practical evaluators during my final exams. Jim knew I would pass the class and get my certification but he pushed me hard because he wanted me to get a higher passing score which he knew I was capable of.

Jim and I crossed paths a lot when I as a newly minted EMT-MAST ran with the then Wormleysburg Ambulance Company 15 and he always treated me like an equal.

That's how I'm going to remember Jim Grundon.

“ I went to school with Jim from grade school on up to graduation. He was so dedicated to the Fire Dept that he used to wear part of the uniform to school. He was well liked and very popular in school and I personally thank him for all his years of service to our communities. I'm very sorry to have read about this tragic event. My deepest sympathy and prayers go out to both families.

“ We grew up together on Herman Avenue. It was quite a life growing up in those days on Herman Ave. Us kids were like family. We had a good fist fight on the way to Lemoyne Junior High and we didn't see eye to eye on things. But as we got older, we always respected each other for our life's efforts... But this was not the way to do it bro - I am grieved... I feel for the loved ones you leave behind.

“ My Grandparents lived next door to his mom and dad when we where little kids growing up, on Herman Ave. as children we used to ride our bikes around the block playing fireman! Used to sit for hours waiting for the awesome Lemoyne fire siren to go off so we could speed around pretending we where going on the fire call with them!
