I still struggle with the fact that as close as me and Jack were I was never contacted about his passing. It would have been nice to know that he died so that I could at least make it to his service. No hard feelings.

“ Jack was one of a kind. He was the comic relief when I would broadcast from the old Courtyard. We lost touch but talked again over the winter. I only wish I could have treated him to one last TSO show. Fly free my friend

My prayers are with you at this time. Your father was the most stoic person I have ever met. He always kept his sense of humor through his adversities and I admired that in him. It was his love for you I believe that kept him going and your love for him knew no bounds. He was so blessed to have you in his life. Thank you for the care you gave him all these years. You were blessed to have such a great family. Much Love to you and your family.

“I have known Jack since he was born. We were raised across the street from each other. We rode the Broadway Limited together with his dad John, the Conductor. We worked together at East Pennsboro Twp. police dept. before and after his tragic accident. He was a great friend. My condolences to his daughter, Daneen and brother Jim. Say hello to Jane and John for me.

Jack and his sister, Betsy were the first people I met when moving to camp hill. We had so much fun together for the years I lived there. Baseball games, concerts and watching Steeler games was how we spent our times together. I have missed his friendship since moving to Texas. I have many fond memories of him and his family who were so welcoming. I will certainly have a beer and tell my family some of our stories together. Just some...

My mom, Phyllis and Jack were very close friends. We used to all three get together for dinner. Jack was a very nice man and funny. He will be missed but I'm positive my mom is over the moon to have her friend in heaven with her. Bless you Jack.

I grew up in the house across the street from the Dwyer house. Jack was a hero to all the younger kids on the block, including me. His mom Jane was a very good friend to my mother Irene. My condolences to his entire family and his brother Jim who I also spent much time with in the old Wormleysburg neighborhood.
